(Resolution No. IV passed at the meeting of the Insurance Committee held on the 29th July, 1899.

Read report of the Sub Committee, suggesting, in addition to modification of Insurance Rules 10 & 20, that the benefits of Insurance may be extended to officers in the Government service drawing Rs 5 and above instead of Rs 10 and above as at present, and that further Insurance on the increase of less than Rs 5 to the pay of the insured, may be discontinued.

Resolved as follows:—

(1) That in the opinion of the General Committee, it is inexpedient and inadvisable for various reasons to lower the present minimum insurable pay, viz: Rs 10, to Rs 5 or to modify the Rule so as to deprive the insured of the additional benefit of further insurance when the increase of pay is less than Rs 5/-

(2) That Rule 10 be accepted as modified by the Sub Committee, but that

Committee

Sir

We the undersigned Members of the Sub Committee appointed in Committee Resolution No. III & VIII passed in the meeting held on the 4th December 1895 and 19th Dec 1896, have the honor to submit the following proposals in regard to the revision of Rs. 10 and 20 and to extend the benefits of State Insurance to all Government officials whose pay is less than Rs 101-

(2) Rule 10, as it now stands, provides that an insured official who has come to be in Govt service may elect either to continue to pay premium till his policy matures or discontinue to pay the same in which case all the premiums due on the policy will be treated as a debt on the policy and deducted with Compound interest at 4% from the monies payable on account of such policy. While retaining the two existing alternatives, in view to encourage life Insurance

we

we think it necessary to offer a third alter
native to such of the Govt servants as prefer to disconnect themselves
altogether from the state Insurance, in consideration of their receiving a surrender
value. Such a concession is shown in all
private assurance Companies and also
to dismissed Govt servants in our
own State Insurance. Rule 10 we therefore
propose to alter as follows:—

When an insured ceases to be under the service of the Government before completing the age of 55 years, he may elect either to surrender his policy and receipt book receiving 35 (50) % of the amount of premiums paid by him without any interest or to continue to pay the premium due on his policy till it becomes mature, or discontinue payment of the same in which last case, the arrears of premium withheld shall be treated as a debt against his policy and deducted with compound interest at 4% from the sum payable to him. Provided however that dismissed officials who have been considered by Government to be included in the list of officials not eligible for re-employment in Government service, shall not be entitled to the benefit of (this rule) but shall receive only 50% of

This is less than is allowed to Provincial officials as they have other options not open to dismissed officials by Govt. C.P.

the 2nd & 3rd alternatives in this by Govt. H.P.R.

of the total premium paid by them without any interest.

Rule 20. According to the resolution of the Committee arrived at in the meeting held on the 19th June 1897, this Rule will stand altered as follows

quite sound see Dr. A R. explanation By Dr. A R.

The proposal shall then be submitted to the Senior Surgeon for his opinion and then considered by not less than three Members and the President of the Committee If they are unanimously agreed as to the eligibility or otherwise of the proposer they may authorise the Secretary to accept the proposal and issue a policy in form No 4 or to reject the life as ineligible and to give intimation of the decision of the proposer of such acceptance or rejection through his immediate superior (If the proposal be considered not fully eligible, they may authorise the Secretary to accept the proposal for a reduced bonus, If they are not so agreed the proposal shall be circulated among the remaining Members of the Committee. When there is a difference of opinion among the Members regarding the eligibility of the proposer, one vote against the proposer shall cancel two votes in his favour

† accept the proposal for the usual or reduced bonus and issue a policy By Dr A R.

May be omitted By Dr A. R.

And

accd the opinion of the Majority thus arrived at shall be deemed to be the opinion and decision of the Committee Whenever in such Committee there are left two votes either in favor of or against a proposal the matter in question shall be decided by the casting vote of the President The President shall in all cases have liberty to refer for the orders of the Government any question involving a general principle not-withstanding its decision by Majority of votes.

4. While we are decidedly of opinion that the benefits of the State Insurance should be extended to all Government Servants, we regret our inability to recommend the rule being made absolute as it will expose very few Are there any such ? If not this para requires revision By Dy. H. R. work on the Committee if in such cases on such small pay as 3 & 4 Rs. be brought under the rules. We therefore propose to reduce the minimum of pay from Rs 10 - only to Rs 5/- In this connection we also recommend in view to avoid the trouble and incon-venience of frequent insurance for very small increments, such in calculating premium, fractions of a Rupee less than half shall not

not be taken into account. We therefore propose that the words Rs 16/- in lines 7 & 9 of Rule 6 and the words 4 annas in line 5 of Rule 7 may be replaced by Rs 5/- and 8 annas respectively
